GERMAN LEGIONS ARE ON THE MARCH INTO FRANCE

LIEGE IN HANDS OF INVADERS

Germans Take Belgian Stronghold.

GREAT ENGAGEMENT APPEARS IMMINENT

French and British Troops Are Said to Be Pouring Into Belgium.

London, Aug. 10.—Capture of Liege by the Germans was reaffirmed in dispatches received from Berlin and advices from Brussels admit that the Germans have occupied the town. Other dispatches from Belgian and French sources and announcements at the British admiralty maintained that the forts still are in the hands of the Belgians.

The Belgian general staff issued a statement that the German offensive movement has ceased.

The discrepancy which has existed between the Belgian and German reports on the situation at Liege is believed by military men here to be accounted for by the retreat of the Belgian troops which had held the routes between the forts and that the town of Liege has been taken by the Germans, who continue to advance on a line between Huy and Louvain, leaving part of their army to besiege the Liege forts.

The object of the German advance is believed to be Namur on their left flank and Louvain on their right flank. If this opinion is correct military men believe a great battle is imminent between the German and Belgian armies, the latter probably being reinforced by British and French allies.

Place of Review Unknown.

Dispatches from Brussels spoke of a review of the defenders of the city of Liege by King Albert, but did not say where his majesty reviewed them. The troops reviewed by the king apparently was, in the opinion of people here, the field army which had been operating at Liege and which Saturday was reported as leaving the city to join King Albert's army, the reason being given that the forts of the city were considered able to take of themselves against the German forces.

Dispatches from Berlin from the semi-official agency there were positive in their statements that "Liege is in our hands and 3,000 or 4,000 Belgian prisoners are en route to Germany."

Reports from the Belgian minister of war that there had been enormous losses during the fighting between the French and Germans in Lower Alsace were received here. They stated that the Germans had lost 30,000 killed and wounded and the French 15,000, but later it was explained that these reports were based on unofficial advices received at the Belgian ministry of war.

The Exchange Telegraph's Brussels correspondent says:

"In the event of the check of the Germans being caused the conclusion to be drawn is that the second phase of the campaign must commence in a few days. Meantime there is no doubt the Germans will endeavor to get together their full strength."

INFECT AWFUL SLAUGHTER

Belgian Machine Guns Prove Deadly at Liege.

London, Aug. 10.—Telegraphing from Brussels the correspondent of the Daily Chronicle says of the fighting at Liege:

The Germans tried to overpower the forts by flinging immense bodies of men against them in mass formation. The infantry melted away before the machine guns of the defenders.

The morale of the Prussians was entirely broken toward the end of the general attack. The casualties among the German officers were considerable. The attackers ran short of rifle ammunition. Wounded Germans declared they had had no food for two days."

Austrians in Poland.

St. Petersburg, Aug. 10.—The town of Andrejew, Russian Poland, and the customs station at Radzivilev, in the province of Volhynia, near the Austrian frontier, have been occupied by the Austrians. A detachment of Austrian troops was repulsed from the village of Leznev.

TITLED MEN TO WALK BEATS

London Will Enlist Thousands of Special Police.

London, Aug. 10.—The enlistment of 30,000 special policemen for London will begin. Actors, university men, brokers, bank clerks, men of all classes, propose to join.

Sir Herbert Beerbohm Tree, Sir George Alexander and Cyril Maude are organizing the actors, while Viscount Goschen heads the bankers. They will guard the water works, railways and tunnels, relieving the Territorials for more important work. Each man will be on duty four hours each day. A special patrol of motor-boats which have been loaned by owners will police the Thames.

KAISER REPORTED ON WAY TO FRONT

Rumor Indication of Impending General Engagement.

London, Aug. 10.—A dispatch from Rome to the Daily Mail says a report is current that Emperor William has left Berlin in a motor car for the Alsatian frontier.

The military critic of the Journal des Debats in Paris considers the report from Rome to indicate that the Germans are ready to engage the French in great force and that a general engagement is impending.

A dispatch to the Times from Berne, Switzerland, says 40,000 Austrian troops have concentrated near Basel and that German and French troops also are near the Swiss frontier, so that a big battle may occur at any moment.

DEVELOPMENTS IN EUROPE

Confirmation of the reports that Liege has been occupied by the Germans was given by dispatches received from Brussels.

An official dispatch issued by the Belgian general staff said the German offensive movement had ceased.

A junction of Belgian, British and French troops in Belgium is reported to have been effected and a clash between the German and French cavalry south of Namur is said to have taken place.

Athens dispatches say large Turkish forces are being concentrated on Bulgarian territory by agreement with Bulgaria.

Emperor William is reported to have left for the Alsatian frontier to join the German general staff. Great battle is expected there soon.

The British admiralty insists that the German submarines attacked a British cruiser squadron, but that the British ships escaped undamaged, while one German submarine was sunk.

France has requested the Austrian ambassador to explain Austria's intentions in an alleged movement of Austrians across Germany to the French frontier.

St. Petersburg, Aug. 10.—The town of Andrejew, Russian Poland, and the customs station at Radzivilev, in the province of Volhynia, near the Austrian frontier, have been occupied by the Austrians. A detachment of Austrian troops was repulsed from the village of Leznev.

Special to Dispatch:

London, August 10, 12:05 P. M.—A dispatch to the Daily Telegraph from Brussels says the Germans are mobilizing another million men for the invasion of France.

A dispatch to the Exchange Telegraph Company from Rome says Emperor William has arrived at Aix La Chappelle to join the army.

Paris, Aug. 10, 10:05 A. M.—A statement issued by the war department at a late hour last night says that numerous skirmishes are taking place along the entire front of the French army. One clash with the Germans was violent and the losses on both sides were serious.

London, Aug. 10, 3:30 a. m.—A dispatch to the Express from Brussels, timed in that city at noon yesterday, says the Germans entered Liege on Friday night and occupied the town although the forts were not taken. The occupation was accomplished decorously, General Von Emmich having been warned from Berlin against allowing his men to commit excesses.

The troops headed by cavalry, approached the town along the main eastern roads through charred forests, passing between the forts of Fleron and Devegne, where the Belgian officers and idle gunners assembled and watched these strange processions arriving.

General Von Emmich summoned the principal citizens and imprisoned them as hostages in the center of the city to prevent the forts from firing on the German gunners who were entrenched in the public squares to overawe the inhabitants.

General Von Emmich's men have also been ordered to pay for all purchases made at the stores which remain open.

Most of the inhabitants of Liege remained in their cellars during Friday night but came out on Saturday upon finding that General Von Emmich was not permitting excesses.

The general issued a proclamation accusing civilians of firing on German troops, and threatened to destroy the town if this was repeated.

Liege presents a strange picture today. Soldiers of opposing armies mingle in the streets. Piles of bodies awaiting identification lie under shrouds in the square. Among the unidentified bodies, was that of a 12-year-old child, which lay beside that of an aged civilian. Some of the streets are filled with army cooks preparing soup for the soldiers, many of whom are weak from hunger.

GERMANS ENTER THROUGH ESCH

Special to The Dispatch:

Brussels, August 10, 10:20 P. M.—The Germans are proceeding into France chiefly through Esch, a town of the Grand Duchy of Luxembourg where they have cut down trees and dug trenches. They have razed the village of Merl. Wooden platforms 400 yards long for the unloading of horses and guns have been constructed.

GERMAN SCOUTS SHOW HEROISM

Special to The Dispatch:

Dinant, France, August 10—The enterprise of the German scouts is amazing. One prisoner of war had ridden over 70 kilometers, about 46 miles, into French territory.

Their method is to ride in small parties toward a rendezvous, where they are joined by other parties with the object of seizing a point where the Meuse may be crossed.

A rather large body of German Uhlans are in the woods north of Dinant, but they are already surrounded and their capture is certain.

Several cavalry skirmishes between French and Germans east of Namur show that the Germans have begun to feel their way south.

BELGIANS TO ABANDON LIEGE

Special to The Dispatch:

New York, 3 P. M.—Pierre Mali, Belgian consul at New York, said this afternoon that according to his advices from Belgium, only two forts at Liege remain standing against the German invasion. These two, he said, will be abandoned and the Belgian soldiers will retreat in good order. They will proceed to Namur and join 100,000 French troops.

ADMIRALTY MAKES REPORT

Special to Dispatch:

London, August 10, 12:05 P. M.—Purposely not locating the scene of the encounter, the admiralty today confirmed the sinking of a German submarine, V 15 by the English squadron.

British Capture Prize.

Ottawa, Ont., Aug. 10.—The Canadian government received an official announcement that the British cruiser Essex had sent a wireless message to Bermuda saying she was bringing in a prize. The name of the vessel taken was not given.

GERMAN EMBARRASS JAPANESE SHIPPING

Special to Dispatch:

Tokio, August 10, 9:45 A. M.—The German fleet at Tsin-Tau has already seized the Russian steamer Riazan, carrying British subjects, have driven out 100 merchantmen to the refuge of Japanese ports and has embarrassed the entire Japanese shipping in the Orient.

Forty missionaries, chiefly French, but some of them German, are leaving for their home countries to take their places in the armies.

FRENCH INVADING ALSACE

Action Arouses Enthusiasm All Over the Republic.

Paris, Aug. 10.—The invasion of lower Alsace by a French army under the command of General Joseph Joffre, the French commander-in-chief, has awakened great enthusiasm throughout France.

French military authorities, while recognizing that the occupation of Altkirch and Mulhausen by the French troops is not of high strategical importance, believe that the successful advance of the French army far across the German frontier will have considerable moral effect.

It is also reported unofficially that Kolmar, further to the north, has fallen into the hands of the French. None of these three places was strongly fortified and all of them lie outside the line of real German defense, being regarded as outposts of the strongly fortified cities.

LOCATION OF FORCES UNKNOWN

British, French and Belgians Unite.

PREPARE TO OPPOSE INVADING GERMANS

Allies Will Act Together in All Future Military Operations.

Brussels, Aug. 10.—Belgian official reports received by the war office record the important fact that a union has been effected by Belgian, British and French troops across the line of the German advance through Belgium. The location of troops of the three armies was not revealed, but in any future operations it is understood they will act together.

The sighting of a German cavalry patrol to the south of Namur was evidence of the activity of the German forces in Luxembourg, showing that they are reconnoitering to discover the position of the defending armies. The retirement of the German troops out of range of the guns of the forts of Liege was supposed to indicate that they were concentrating and waiting for reinforcements to renew the attack.

In the meantime the French troops who have crossed the frontier of Belgium continued to advance methodically and their approach strengthens the position of the Belgian army from hour to hour. When a French officer arrived at Namur in an automobile the citizens hoisted him out on their shoulders and carried him through the streets of the city.

It was reported that the greater part of Luxembourg, which has been occupied by the Germans, has been cleared of the invaders by the advance of the French army.

In the Belgian capital patriotic sentiment increases daily and men of all classes are volunteering for service in the army.

MEN ANXIOUS TO ENLIST

Britons Respond to Call for 100,000 Volunteers.

London, Aug. 10.—Recruiting officers throughout the country are besieged by men desirous of joining the colors in response to the appeal of Earl Kitchener, secretary of state for war, in which he said that 100,000 men were wanted immediately.

The men are examined and those chosen are sent to training camps, where they are taken in hand by sergeants. The streets of London have assumed the appearance of a military post. Every other man is clad in khaki uniform, while public offices are under guard of territorials, the national guard of England.

Men of every class are volunteering. The reservists almost to a man have responded to the call to arms.

RUSSIA ACCUSES AUSTRIA

Czar's Foreign Minister Discusses European Situation.

St. Petersburg, Aug. 10 (via London)—Minister of Foreign Affairs M. Sazonoff, reviewing the European situation in a speech before the duma, blamed Austria largely for the war. He declared that the national conscience of Russia is clear and that after her great efforts to preserve the peace her enemies would not succeed in throwing upon Russia the responsibility for the conflagration.

The minister caused a sensation when he declared that it was Austria-Hungary who provoked the international war among the Slavs and added:

"But, thanks be to God, she will not ruin the work of Slav unification."

DESTROY DISUSED FORTRESS

Belgians Blow Up Structure to frustrate Germans.

London, Aug. 10.—Telegraphing from Brussels the correspondent says:

"The Belgians have blown up the disused fortress at Liege to prevent the Germans availing themselves of its use."

"It is reported here that many Bavarians are deserting or refusing to join their colors, being opposed to fighting the peaceable Belgians, whose queen is a Bavarian princess."

SIMPLE SERVICE AT WHITE HOUSE

Funeral of Mrs. Wilson Occurs in East Room.

OFFICIAL BUSINESS CEASES

Both Houses of Congress and All Departments Close.

Washington, Aug. 10.—Without any formality except that of the church and with all the simplicity for which she had expressed her desire, the funeral of Mrs. Woodrow Wilson, wife of the president, was held in the east room of the White House at 2 p. m. For the day official business was banished from the executive mansion and Washington and the nation joined with the president in mourning for his dead.

Immediately after the services here the body was taken to Rome, Ga., the burial place of Mrs. Wilson's parents. It was understood here that during the trip through the South the people will pay respect by tolling church bells as the special train passed.

He will begin the study of aviation at once and will be sent to the front. At first he will be given duty as bomb thrower, later becoming a pilot. Boillot and Rigal, noted automobile racers, have volunteered and have been assigned as chauffeurs to General Joffre.

SHOWS FIGHTING WAS DESPERATE

Writer Sees Belgians and Germans Lying Side by Side.

London, Aug. 10.—The Daily Telegraph's correspondent, who visited the battlefields at Vise and Liege, writes:

"Not far from the little Dutch frontier village of Mesch I passed the remains of a big German camp. Dead soldiers, civilians and horses and wagons, carts, automobiles and bicycles lay in confusion. Germans and Belgians lay side by side—evidence that there was fighting man to man. Houses had been sacked because the soldiers wished to avenge themselves on civilians who fired upon them from windows."

"Civilians who did not fight are allowed to pass, but German guards refuse this courtesy to the Belgian civilians who were engaged in the battle.

"After the constant fighting the soldiers are

SIMPLE SERVICE AT WHITE HOUSE

Funeral of Mrs. Wilson Occurs in East Room.

OFFICIAL BUSINESS CEASES
Both Houses of Congress and All Departments Close.

Washington, Aug. 10.—Without any formalities except that of the church and with all the simplicity for which she had expressed her desire, the funeral of Mrs. Woodrow Wilson, wife of the president, was held in the east room of the White House at 2 p. m. For the day official business was banished from the executive mansion and Washington and the nation joined with the president in mourning for his dead.

Immediately after the services here the body was taken to Rome, Ga., the burial place of Mrs. Wilson's parents. It was understood here that during the trip through the South the people will pay respect by tolling church bells as the special train passes Christ church in Alexandria, Va., which George Washington attended, has decided on this route.

Outside of members of the Wilson family only members of the cabinet and their wives, members of special committees from the senate and house, a few intimate friends and the employees of the White House were present at the services here.

The simple Presbyterian funeral service, without music, was conducted by Rev. Sylvester Beach of Princeton, N. J., and Rev. J. H. Taylor of Washington. It included selections from the fifteenth chapter of I. Corinthians, and the fourteenth chapter of St. John, short prayers and benediction.

While the services were in progress both houses of congress and all government departments were closed and all flags in the Capitol were at half mast. The White House grounds were closed to the public.

The members of the family were taken to the railroad station soon after the services here and the train left for Rome at 4:35 p. m., arriving at Atlanta, Ga., at noon Tuesday and at Rome at 2:30 p. m. There was a special car for the flowers.

In addition to the president, Miss Margaret Wilson and Mr. and Mrs. Francis B. Sayre and Secretary and Mrs. W. G. McAdoo, those in the funeral party were Professor Stockton Axson, Mrs. Wilson's brother; J. R. Wilson, the president's brother; George Howe, the president's nephew; Secretary J. P. Tumulty, Dr. Cary T. Grayson, U. S. N. James Woodrow, a cousin of the president, will join the train at Spartansburg, S. C., and Miss Alethea S. Axson and Miss Carrie Bell Axson, cousins of Mrs. Wilson, at Atlanta.

FOG SAVES GERMAN VESSEL

Liner Eludes British Cruiser During Heavy Weather.

Boston, Aug. 10.—Heavy fog on the North Atlantic saved the German liner Wittkend with 133 passengers and a million dollar cargo of lead and coal tar products from capture by the British cruiser Essex, according to Captain Sembill of the steamer which arrived here.

Captain Sembill said he was off Sable Island, bound from Hamburg for Montreal, when he was told by wireless of war between England and Germany. Later his operator picked up a code message from the Essex which he judged was only ten miles away.

CANADIAN TROOPS TO SAIL

Twenty-one Thousand Men Will Leave in About Ten Days.

Welland, Ont., Aug. 10.—The Forty-fourth regiment of Niagara Falls, the Nineteenth of St. Catherine's and the Second dragoons of Hamilton, called out to guard the Welland canal, have been ordered to sail with passengers and cargo, but at the last moment their orders were canceled by the British admiralty and their passengers were transferred to the Adriatic on the same line on which they sailed. Clearance papers were issued to the Olympic Friday and she was permitted to leave the harbor without question from the customs or naval authorities.

As the Olympic steamed down the bay she met the American liner New York coming in. Cheers were exchanged by passengers on the New York and the sailors on the British vessel, which carried no passengers, and, it is assumed, is recalled to British waters to serve as an auxiliary war vessel or as a transport.

Barnes, continually thinking of
Ethel, decides to give a mask ball in
his sister's home in the hope that he
might again meet Ethel, whose name

ball is over Ethel is at the house,

the safe and sets fire to the place.

Barnes, in the meantime, has been

IRON MAN COOK WAS ON THE MOUND

ARREST TWO AT IRON HUB

Fred C. Cook Strikes Out 14 Ironton Men and Allows But One Measly Little Hit

BATTERY MATE WAS RODERICK

Two Errors of Brainerd Contributed Two Runs Made By Ironton on Sunday Afternoon

Fred C. Cook will go down in baseball history as the iron man of Brainerd. Manager D. A. Peterson summoned Cook to the mound Sunday afternoon at 4 o'clock to oppose the Ironton team. Cook, as a rule, gives his support a chance to assist in winning a game. He is never anxious for a strikeout record, being content to merge his work with the rest of the team and holding himself in reserve and striking out only when needed.

This time he gave one of the greatest examples of pitching witnessed on the local diamond. With gilt edge support the game would have landed in the hall of fame as a no hit, no run game. Two Brainerd errors contributed to the only runs made by Ironton.

Cook struck out 2 in the first inning, 2 in the third, 1 in the fourth, 3 in the fifth, 3 in the sixth, 1 in the eighth, and 2 in the ninth, a total of 14. He was ably supported by his battery mate, Catcher Bud Roderick. In the ninth Umpire Warren got confused on the strikes and instead of calling two, called one. Had he counted correctly Cook would have struck out 15 and Ironton would not have made its second run.

For 5 innings Brainerd got but one man as far as second and that was Erickson in the first inning. However, the nervous tension was telling on Ironton's pitcher, Jarvela.

In the sixth inning the fireworks started. Erickson flew out to the catcher. Larson got a base on balls and worked to third. Sheffio was hit by the pitcher. Cook, in response to the appeal from the crowd, as usual was the man in a pinch and got a hit and reached second, driving in Larson and Sheffio. Templeton's grass cutter of a drive was missed by Shortstop Paulson and he lost the ball in the grass, and while he chased after the ball Cook scored. Bush flew to center field. Bender was hit by the pitcher. Roderick hit over second and Templeton scored. Victor struck out while Bender and Roderick perched on bases. The whole nine had come to bat and the result was 4 runs.

In the seventh Erickson, head of the batting list, again led the procession. He drew a base on balls. Larson flew to left field, Sheffio struck out. Cook again hit the ball safely and scored Erickson. Templeton struck out. Total standing, Brainerd 5, Ironton 1.

Brainerd gained the admiration of the crowd for they showed a never-die spirit. With two men out in the ninth, Paulson got a new lease of life by Umpire Warren's decision of a base on balls. Bush dropped Howard's fly in left field, permitting Paulson to score. Bush then whipped the ball to second and scored a put out against the runner Paulson. Final score Brainerd 5, Ironton 2.

A funny instance of batting occurred in the first inning when Larson hit the ball and it popped up 12 feet and warren.

Iron Hub, Minn., August 10—Deputy Sheriff Claus A. Theorin arrested James Anderson, bartender and Max Greenberg, proprietor of the saloon at Iron Hub, Anderson being charged with selling liquor to minors and Greenberg being arrested for an infraction of the law. Anderson waived examination and was bound over to the grand jury in \$200 bonds. Greenberg's hearing has been set for August 18. H. A. Brown is attorney for Anderson and A. W. Hill for Greenberg.

feet and he and the catcher fell down on the plate and Erickson went to second on the sacrifice. Garland, Ironton's third baseman, played a brilliant game. He made a fine running catch of Bush's fly in the fourth inning. Grinstad, Ironton's first baseman, ran back of the bleachers for Victor's foul in the fifth and nailed it. Ironton worked in pinch hitters in the eighth and ninth innings, but they failed to score.

On the whole, Ironton put up a good, live game and many in the city complimented A. H. Proctor, cashier of the First National bank of Ironton, on the team he had marshaled. Several Ironton automobiles motored to Brainerd to see the game, including Mr. and Mrs. A. H. Proctor, E. A. Lamb, Mr. and Mrs. Primus D. Kreitzer and others. The crowd would have been larger had it not rained. The game started at 4 o'clock. Gaven, usually catching, went to Staples in the rain, supposing the game would be called off. Ironton, many said, had engaged Donaldson, of the All Nations, and the latter is reported to have also taken the train out of Brainerd when the rain in the afternoon appeared to wipe out all chances for a game.

"SIT TIGHT! DON'T ROCK THE BOAT"

Editorial From the Chicago Herald
Covers Situation in the
United States

BUSINESS CONDITIONS SOUND

Greatest Grain Crop, Greatest Store
of Gold, Banks are Solid
and Safe

An editorial from the Chicago Herald of August 3, headed "Sit tight! Don't Rock the Boat!" covers conditions in the United States, now on the eve of a wonderful period of prosperity. The Herald says:

"Sit tight! Don't rock the boat! That's the watchword today. That's the first duty of every American at this moment. That's what this country needs to keep it straight and safe and true to its course—absolutely all it needs.

Business conditions are sound. We have one of the greatest grain crops in history. Its value has already greatly advanced. We have a sound financial system, backed by the greatest store of gold in the world. Our banks are solid, safe. There is nothing the matter with the United States.

War will mean an unprecedented demand for supplies. Experts declare American business will feel a great impetus. While other nations destroy, this country will produce. While other nations are armed camps, this country will be a farm, a factory, a forge. Trade extension is predicted in all directions. The immediate future is plain.

The national administration is acting wisely, promptly. The sum of \$500,000,000 is available, under the Adrich-Vreeland act, for an emergency. The organization of the reserves will enable us to deal more effectively with the outflow of gold. Plans are perfecting to permit American registry of foreign vessels. This will protect and develop our commerce.

We are preparing to maintain strict neutrality. Questions may arise with foreign nations as to what constitutes contraband. Such questions cannot conceivably involve us in difficulties. They will be settled by the ordinary processes. The general principles of neutrality and neutral commerce are plain. The United States will adhere rigorously to them. Friendly intercourse, as far as circumstances permit, will be its rule and its procedure.

Stock exchanges have closed—a wise precaution. This country cannot be the dumping ground of the whole body of securities that war-mad Europe is anxious to convert into money. Elsewhere there is no prospect of interference with the orderly processes of American business. Stable conditions are here. All we have to do is to keep them stable.

The administration has decided to appeal officially to the public to help maintain existing satisfactory conditions. The public cannot fail to respond. The only danger is one which it may create itself. Its course is simple. All it has to do is to sit tight, to do nothing to disrupt the fortunate condition in which this country happily finds itself.

Don't rock the boat—that's the central idea! The swell from the great battleship "Europe," will be felt. But it will not hurt us. It need not even break over the sides. There's nothing the matter with the boat that we are in. Straight and strong, well-seamed, well-caulked, well-timbered, with reasonable guidance it will bear us safely and prosperously through.

Sit tight! Don't rock the boat! Keep its head well up against the sea! Don't let it get into the trough of the waves! Let every man realize that at this moment calm confidence and calm thankfulness are the first duty. They are absolutely justified by the favorable situation in which we find ourselves. They are the certain guarantee of a continuance of those conditions."

ALL TRADE IN FERRO STOPPED

Editorial From the Chicago Herald
Covers Situation in the
United States

INTEREST IN CUYUNA RANGE

Manganese Ore at the Cuyuna-Mille
Lacs Mine Will be in
Constant Demand

"All trading in ferro has stopped," says the Iron Trade Review of Cleveland, Ohio, in its issue of August 6. This is because the main sources of supply of the ore and product are being shut off by the European war. However it may soon be manufactured at Dunbar, Pennsylvania and the Cuyuna iron range will come to the notice of people who hitherto did not pay much attention to this newest and richest range of Minnesota.

In its issue of August 6 the Iron Trade Review says: In view of the possible shortage of ferro-manganese in this country as a result of the interruption of the supply from Europe, considerable interest is being shown at this time in the plans of the American Manganese Co., of Philadelphia, for manufacturing ferro-manganese from domestic ores at the Dunbar, Pa., blast furnaces, which has been referred to on various occasions.

J. N. M. Shimer, of Shimer & Co., Inc., Bullitt building, Philadelphia, selling agents for the American Manganese Manufacturing Co., states that the company has been planning to put in one of the two Dunbar stacks upon ferro-manganese in about 60 days, but that if an emergency demand arises in this country, one of the stacks could be started within a comparatively few days, as it is banked at the present time. The company has been carrying on some repairs to its ore trestle and boilers, but these alterations could be discontinued and are not of a character that would interfere with the operations of the furnace.

Mr. Shimer states that at the present time there is on the bank at Dunbar about 50,000 tons of manganese ore, analyzing from 18 to 22 per cent in manganese, sufficient to make about 25,000 tons of 30 to 40 per cent ferro-manganese.

This ore is obtained from the property of the Cuyuna-Mille Lacs Iron Co. on the Cuyuna range in Crow Wing county, Minn. The iron and manganese content runs about 60 per cent. It is stated that at greater depths than yet mined, manganese ore of 35 to 40 per cent content is available.

Mr. Shimer makes the statement that with the ore in sight, the Dunbar plant would be able to produce annually 150,000 tons of ferro-manganese in the event that a demand for such a quantity should appear.

Under date of Cleveland, August 4, it is stated that "In the Cleveland district, some consumers of manganese expect that if the European war should be long continued, they will need considerably more ferro than they have purchased. They would gladly pay more than \$40 per ton now, but there is none to be had at any price. An offer of \$43 made for a small tonnage today was declined. At Pittsburgh the ferro situation is serious."

IRONMAN COOK
WAS ON THE MOUND

Fred C. Cook Strikes Out 14 Ironton Men and Allows But One Measly Little Hit

BATTERY MATE WAS RODERICK

Two Errors of Brainerd Contributed Two Runs Made By Ironton on Sunday Afternoon

Fred C. Cook will go down in baseball history as the iron man of Brainerd. Manager D. A. Peterson summoned Cook to the mound Sunday afternoon at 4 o'clock to oppose the Ironton team. Cook, as a rule, gives his support a chance to assist in winning a game. He is never anxious for a strikeout record, being content to merge his work with the rest of the team and holding himself in reserve and striking out only when needed.

This time he gave one of the greatest examples of pitching witnessed on the local diamond. With gilt edge support the game would have landed in the hall of fame as a no hit, no run game. Two Brainerd errors contributed to the only runs made by Ironton.

Cook struck out 2 in the first inning, 2 in the third, 1 in the fourth, 3 in the fifth, 3 in the sixth, 1 in the eighth, and 2 in the ninth, a total of 14. He was ably supported by his battery mate, Catcher Bud Roderick. In the ninth Umpire Warren got confused on the strikes and instead of calling two, called one. Had he counted correctly Cook would have struck out 15 and Ironton would not have made its second run.

For 5 innings Brainerd got but one man as far as second and that was Erickson in the first inning. However, the nervous tension was telling on Ironton's pitcher, Jarvela.

In the sixth inning the fireworks started. Erickson flew out to the catcher. Larson got a base on balls and worked to third. Sheffio was hit by the pitcher. Cook, in response to the appeal from the crowd, as usual was the man in a pinch and got a hit and reached second, driving in Larson and Sheffio. Templeton's grass cutter of a drive was missed by Shortstop Paulson and he lost the ball in the grass, and while he chased after the ball Cook scored. Bush flew to center field. Bender was hit by the pitcher. Roderick hit over second and Templeton scored. Victor struck out while Bender and Roderick perched on bases. The whole nine had come to bat and the result was 4 runs.

In the seventh Erickson, head of the batting list, again led the procession. He drew a base on balls.

Larson flew to leftfield, Sheffio struck out, Cook again hit the ball safely and scored Erickson. Templeton struck out. Total standing, Brainerd 5, Ironton 1.

Ironton gained the admiration of the crowd for they showed a never-die spirit. With two men out in the ninth, Paulson got a new lease of life by Umpire Warren's decision of a base on balls. Bush dropped Howard's fly in left field, permitting Paulson to score. Bush then whipped the ball to second and scored a put out against the runner Paulson. Final score Brainerd 5, Ironton 2.

A funny instance of batting occurred in the first inning when Larson hit the ball and it popped up 12

Hall and Warren.

HORSE AND CATTLE SHOW

To be the Largest Ever Held at the Coming State Fair in September.

As the closing dates for entries in the horse and cattle departments at the Minnesota State Fair approach, those in charge of entries believe that the largest horse and cattle show ever held at the fair is assured, Sept. 7 to 12. Entries for horses, cattle and ponies close Thursday, August 13.

The horse department is offering \$3,000 more in premiums than given last year. The aggregate sum for horses and ponies is \$15,000, which is a decided increase. Indeed, the cattle show will be one of the largest in America.

Those in charge of entries have found greater local interest in the state fair horse and cattle exhibits than ever before, due, it is believed, to the breeding of more horses and cattle throughout the northwest, the increased premium lists and the excellent crop conditions. Exhibitors of cattle and horses from other states will be subjected to strong local competition at the coming fair.

Entries in other departments close as follows: Butter and cheese, Aug. 22; sheep and swine, Aug. 27; poultry, Aug. 29.

HORSE AND CATTLE SHOW

To be the Largest Ever Held at the Coming State Fair in September

As the closing dates for entries in the horse and cattle departments at the Minnesota State Fair approach, those in charge of entries believe that the largest horse and cattle show ever held at the fair is assured, Sept. 7 to 12. Entries for horses, cattle and ponies close Thursday, August 13.

The horse department is offering \$5,000 more in premiums than given last year. The aggregate sum for horses and ponies is \$15,000, which is a decided increase. Indeed, the cattle show will be one of the largest in America.

Those in charge of entries have found greater local interest in the state fair horse and cattle exhibits than ever before, and, it is believed, to the breeding of more horses and cattle throughout the northwest, the increased premium lists and the excellent crop conditions. Exhibitors of cattle and horses from other states will be subjected to strong local competition at the coming fair.

Entries in other departments close as follows: Butter and cheese, Aug. 22; sheep and swine, Aug. 27; poultry, Aug. 29.
